

Buffalo Shores South Property Owners Association Privacy Policy

On April 11, 2016, the Board of Managers of the Buffalo Shores South Property Owners Association reconfirmed its long-standing commitment to safeguarding BSS property owners' private information stored on the Association's internal database. "Private information" shall include unpublished telephone numbers, cell phone numbers, email addresses and home mailing addresses, among others. This policy does not preclude collaboration with the POA's sister internal organization, the Buffalo Shores Recreation Club, in database management, nor preclude providing necessary information in cases of emergencies.
